Unlike Project Gutenberg, which gives all books equal billing, books on Amazon Cheap Reads are organized by rating to help the cream rise to the surface.

However, five stars aren't necessarily a guarantee of quality; many books only have one or two reviews, and some authors are known to rope in friends and family to leave positive feedback.

Reasons. A. N. Sherwin-White records that serious discussion of the reasons for Roman persecution of Christians began in 1890, when it produced "20 years of controversy" and three main opinions: first, there was the theory held by most French and Belgian scholars that "there was a general enactment, precisely formulated and valid for the whole
