Anthem D2/D2v/AVM50/AVM50v/ARC1 tweaking guide - Page 1508 ...

The D2v should come with an ARC kit, unless they lost it or decided to keep it. But your mic only needs to be matched to its calibration file, which you already have installed with your current ARC software. You should be able to run your software and have it connect to the D2v and your old mic without changing anything.
