### How to use custom assemblies or embedded code in Reporting ...

How to use custom assemblies or embedded code in Reporting ... Hi Julie Elizabeth Sam, As far as I know, the Anonymous authentication method and request is not supported by SSRS 2016, see Unsupported Authentication Methods. Based on my research, it seems that a workaround for anonymous access in SSRS is that use the custom authentication, then configure the report server configuration, please refer to Anonymous access in SQL RS 2008.
