### Encyclopedia Of Chess Openings Vol

Half a century ago the first edition of the Encyclopaedia of Chess Openings was released, as a truly unique, ground-breaking tome. Such monumental work was a logical continuation to the Informant series which came to life a few years earlier. Chess Informant introduced a completely revolutionary system of chess signs, and also created

### Encyclopedia of Chess Openings - Volume B - Part 1

The Encyclopedia of Chess Openings is a classification system for the opening moves in chess. It is presented as a five-volume book collection describing chess openings. The moves were taken from hundreds of thousands of games between masters, from published analysis in the Chess Informant since 1966, and then compiled by notable chess players. The main editor is Aleksandar Matanović. Both the ECO and the Chess Informant are published by the Serbian company Šahovski Informator ...
