Jalowiec Coping Scale And Lazarus

Online Library Jalowiec Coping Scale And Lazarus

The Jalowiec Coping Scale (JCS) was developed by Jalowiec, based on the Lazarus and Folkman theory of stress, appraisal, and coping. It is an appropriate tool for adults of all ages, including adolescents with a variety of health and illness states, from relatively minor to life-threatening. It has been used in several studies of MI patients.

JCS

Discusses the development of the Jalowiec Coping Scale, which consists of 40 coping behaviors culled from a comprehensive literature review that are rated on a measure of perceived efficiency of various coping strategies. Jalowiec (8) developed the Jalowiec Coping Scale (JCS) on the basis of Lazarus & Folkman's (1).

assess problem- and emotion-focused strategies of coping. An important advantage of the JCS over other coping scales is the inclusion of ratings of perceived efficiency for each strategy. 19 The multiple dimensions that the scale assesses can help investigators distinguish between different coping styles.

Cultural Adaptation, Validity, and Factor Structure of the ...

Abstract. The Jalowiec Coping Scale consists of 40 coping behaviors culled from a comprehensive literature review, which are rated on a 1– to 5-point scale to indicate degree of use. Twenty judges classified the items to permit analysis of the coping behaviors according to a problem-oriented/affective-oriented dichotomy; 15 problem and 25 affective items resulted.

The Jalowiec Coping Scale consists of 40 coping behaviors culled from a comprehensive literature review, which are rated on a 1- to 5-point scale to indicate degree of use.

Psychometric assessment of the Jalowiec Coping Scale.

For more than 20 years, the Ways of Coping Scale (WOCS) has been used extensively to measure coping. Yet beyond the original psychometric data, few studies have reexamined its properties utilizing the enormous body of research generated on the WOCS. Reliability has been assumed to be consistent as an attribute of the test.
